

FILL MY CUP REPORT PROGRAM

Bilal Muslim Mission of Kenya has been conducting the feed a child program for 12 consecutive years. This is where every Preprimary and Madrassa going child from the 15 BMMKenya Centres receive a daily cup of porridge at midday. This program is made possible through the continuous support provided by WF-AID/AFED. Bilal Kenya was able to provide 3210 cups of porridge during Jan-Mar 2022.

Benefits of the Feed A Child program:

1. Actively participate in extracurricular activities
2. High energy levels to sustain through the day
3. Improved academic performance
4. Constantly engaged during lessons in class.

NO. OF BENEFICIARIES FROM JAN-MAR 2022

MADRASSAH

2467

PRE-PRIMARY

743

TOTAL

3210

Beneficiary Comments:

Parent's Name: Bakari Said
Child's Name: Asha Bakari
Age: 14 yrs old **Madrassah:** Thalith
Centre: Amani **Area:** Dembwa

Family Background: Asha Hails from a family of 6 members with 4 siblings.

Student benefit: Most of the days Asha reports to Madrassah without having breakfast however she now appears to be healthier as she no longer has to starve herself until evening.

Changes in student academic: she has started being punctual for class and rarely misses a day in madrassah. This has made her improve her overall performance

Parent's Name: Omar Juma
Child's Name: Yasmin Omar
Age: 5 yrs old **PP:** 1
Centre: Ahlulbayt **Area:** Shimoni

Family Background: Omar is Unemployed and greatly poverty stricken. He stays with his wife and four children.

Student benefit: Yasmin is healthier and much active in class

Changes in student academic: Yasmin frequently participates in extracurricular activities. She has improved and stays more active in class.

Parent's Name: Salma Hamisi
Child's Name: Sago Hamisi
Age: 10 yrs old **Madrassah:** Faslul Awwal
Centre: Imam Al-Ridhwa **Area:** Mtongwe

Family Background: the family is striving to make ends meet. Salma is a widow and the bread winner. She has to struggle to ensure the basic needs of her children are met.

Student benefit: Sago is now well nourished. He doesn't have to stay hungry for prolonged hours.

Changes in student academic: Sago is really attentive in class. This has had a positive impact in her results.
