

# EDUCATION DEPARTMENT

## Online Learning Report

**Centre Supported:** *Mackinnon*

**No. of tablets donated:** 4

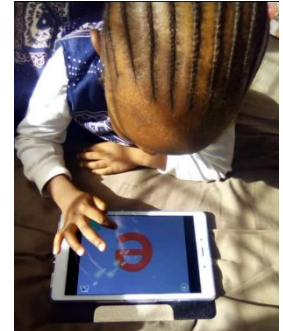

**No of. Beneficiaries:**

*Kindergarten 1: 26 pupils*

*Kindergarten 2: 20 pupils*

The Online learning program was launched at Jaffery Nursery School in Mackinnon Road Centre on 25th January 2021. Four tablets were handed to the Centre to be used by Pre- Primary students during their learning sessions. The Mackinnon Road Jaffery community elected officials of various committee were also present at the handing over. The Program is considered to be a mode of uplifting the quality of education among younger children in our Centres.

### **BENEFITS:**

**Facilitating Engagement** – With good direction from the teacher, tablets can emulate natural social interaction and interactivity.

**Introducing Authenticity & Autonomy** – to provide learners with authentic videos and real life communication.

**Promoting Creativity, Communication & Inclusion** - Improves student's oral skills at any level.

### **STUDENT RESPONSE:**

- Delighted to receive tablets.
- Eager to operate.
- Traced numbers & Alphabets.
- They easily adapted

### **Teachers Training:**

The tablets have been installed with a learning program from Khan Kids Academy which has both online and offline content. below are some of the basic aspects teachers were trained on ;

How to use the tablets in teaching and learning for both teachers and students.

Time Management.

Balancing of online learning and the normal classroom/blackboard teaching.

### **Future Objectives**

To establish online programs in all Bilal pre-primary Centres. Involving Parental and community participation by using advanced technology in remote areas. Developing similar integrated software for madrassa learning thus bridging the gap between

spiritual  
and

scientific education.

This program is a stepping stone to new opportunities for both students and teachers thus encouraging them to be more creative. It is intended to acquire more tablets In future to facilitate lessons with ease.

**The Mission appreciates the generous support and assistance towards this project from**

**Sis. Zakera and the Munawer Panju and Hasnain Panju Family.**

**The Mission also thanks all those involved in this program**
